

DR. FARHAD ARDESHIRPOUR

ARDESH FACIAL PLASTIC SURGERY
PLASTIC SURGEON

"I specialize in facial plastic surgery because it is the most challenging and rewarding area to treat. Our faces are our introduction to the world."

Dr. Farhad Ardeshipour brings a wealth of experience to his work as a Dual-Board Certified Facial Plastic and Reconstructive Surgeon specializing in complex nose jobs, eyelid surgery, and facelift surgery. With a thriving practice that encompasses offices in Beverly Hills and Orange County, Dr. Ardeshipour - as his patients fondly call him, provides advanced facial plastic surgery and hair restoration surgery. Having previously been an Assistant Professor at Loma Linda University School of Medicine, he now offers his patients unique university expertise but with a private practice experience. "I proudly provide the highest caliber academic medicine," says Dr. Ardeshipour. "Every patient's surgical plan is personalized and reviewed with them in great detail to deliver excellent results." Dr. Ardeshipour provides a total solution to facial rejuvenation so that his patients can be the best version of themselves. He adds, "I specialize in facial plastic surgery because it is the most challenging and rewarding area to treat. Our faces are our introduction to the world."
